## CHECKED, SOVIET REPORT ADMITS

**Moscow Says Poles Have Broken Through Warsaw Front**

**DANZIG CORRIDOR**

**Groudiniz Also Relieved From Pressure of Bolshevik—Steady Gains Being Made by Poles**

London, Aug. 19.—Admission that the Russian front north of Warsaw has been broken by the Poles was made in an official communique received from Moscow by wireless yesterday.

"The enemy has broken through our lines to the northward," the Russian official communique said, apparently confirming the Polish claim that the Russians have been ejected from the Danzig corridor.

The Communique adds:

"Our renewed offensive has resulted in recapture of Ciechanof (50 miles northwest of Warsaw). To the southeast we occupied Hrublesof (80 miles north of Lemberg) and other villages.

Russo-Polish armistice negotiations opened in Minsk at 7 o'clock last night, according to an official wireless received from Moscow.

Paris, Aug. 19.—The Polish counter-offensive has freed the Danzig corridor and completely disengaged Grandenz (60 miles south of Danzig, on the Vistula), it was officially announced by the French Foreign Office today.

London, Aug. 19.—The Bolshevik recoil from Polish counter-attacks in several sectors had begun to assume proportions of a rout, according to latest advices from various sources today. Only stubborn resistance at critical points had enabled the Russian forces to prevent annihilation of many of their retreating divisions.

The Bolshevik withdrawal measured more than 10 miles at some points, and in the vicinity of Ciechanof (50 miles north and west of Warsaw, on the river Lidynia) the Poles advanced 15 miles on a 20-mile front.

All unofficial advices from Warsaw declare the "Red danger" is temporarily over and that the city's imperiled defenses have been restored.

The attack on Novog was stopped at the outer forts. A shrapnel barrage tore great gaps in the ranks of the advancing Reds. They came doggedly on until within machine-gun range, when a hailstorm of bullets mowed them down in great windrows. As they crumpled and began to give way, the Polish infantry charged, bayoneting the retreating Russians. The withdrawal became a rout and Polish cavalry, taking up the pursuit, drove the soviet forces back 10 miles before they could re-form their ranks.

North of Lublin (100 miles southeast of Warsaw) the Bolsheviki were reported to have been completely routed by a surprise attack.

## Overjoyed By Victory

**News of Tennessee Ratification Received With Joyous Approval By Supporters Here**

News of the ratification of the Nineteenth Federal amendment by the Tennessee Legislature yesterday was received with conflicting emotions by those favoring equal suffrage, and those opposing it in this city.

Advocates of ratification were enthusiastic in their approval, and especially in their expressions of joy that a Southern State had "redeemed the honor of the country."

The anti's were just as enthusiastic in their disapproval, and declarations that they considered the act as a calamity.

Equal suffrage leaders announced that steps would be taken immediately to secure registration of women voters, and to get them out to the polls at the coming elections, both city, and national.

With the ratification of the amendment the Equal Suffrage League of Virginia automatically becomes the Virginia League of Women Voters, a nonpartisan organization with good government as its dominant principle.

## FOR VOLUNTEERS AGAINST WRANGEL

**Says Fate of Revolution Will Be Decided in Poland**

**CALL BY RED CHIEF**

**Gloats Over British Labor Agitation—Minimizes Army Check at Warsaw—Two Polish Fronts.**

Moscow, Aug. 19.—Leon Trotzky, Soviet Minister of War, today issued a call for volunteers for service on the southern front. The call was issued in the course of an address at an opera house meeting here in honor of Bela Kun, Communist leader and former Foreign Minister of Hungary.

In an address before the Moscow Soviet, Trotzky pronounced Soviet Russia's position on both the Polish and South Russian fronts "generally satisfactory."

Discussing the military situation, Trotzky declared that "on the front against White Poland our Red troops have fulfilled the fundamental part of their task. The holding up of our advanced troops before Warsaw in no way alters the state of affairs, all the more as the Polish front is now divided into two parts—military and diplomatic—and possesses two centres—one in Warsaw and other in Minsk.

"The peace negotiations at Minsk are of exceptional importance," continued the War Minister, "because they are developing on the unstable foundation of a stormy movement among the workers. Great Britain also is passing through an unheard of display of excitement among her workers in connection with the peace negotiations between Russia and Poland.

"On General Wrangel's front," he added, "we are opening the gates wide to our enemies, but we shall assault them in the flank and rear. The fate of the revolution will be decided on the Polish front. This is why we have concentrated our forces in the west and are only leaving posts on the south front in order to hold up Wrangel's advance."

### FORMER BREWER SUICIDE

St. Louis, Mo., Aug. 19.—Oto F. Stifel, former brewer and horseman and the Republican Congressional candidate from the Eleventh district, shot and killed himself at his home near Valley Park, 18 miles west of St. Louis, today. Financial difficulties are believed to have been responsible for his act.

A note which was found in the room adjoining that in which Stifel killed himself was prefaced by the statement that it was for "the benefit of the public and my creditors."

"It is a brief review of how I came to get into a financial jam," the note continued."

"Prohibition is main—," here the writing became indistinct.

### FOUR MAIN ISSUES ARE BEFORE WORLD VETERANS

Richmond, Aug. 19.—Four main issues are listed for discussion when the Virginia Department of the American Legion convenes here September 2 to 4. They are the Wasson bill, which covers beneficial legislation for disabled veterans, compensation for all service men, Americanism, and the establishment of women's auxiliaries.

Every post in the state has indicated that it will send delegates, and consequently Richmond civic and commercial bodies are preparing to entertain them with a program of noteworthy features. The Camp Lee band has been secured for several concerts, and another military band has been engaged for the athletic meet that will be staged in the city auditorium on Saturday night of the convention. Army recruiting officers will attend the convention to help all ex-army men, or the nearest kin of those who lost their lives, to make their application for Victory medals. Arrangements will be announced later for the distribution of medals to veterans of the navy and marine corps.

## Reception Tonight

**Congregation of St. Mary's To Honor Father Smet—K. C. Reception Monday Night**

Rev. Louis Smet, pastor of St. Mary's Catholic Church, who has been visiting his old home in Belgium since last March, will tonight be tendered a reception by the members of the congregation of St. Mary's Church at 8 o'clock in the Lyceum Hall. All of the members of the congregation are invited to attend. Father Smet returned home last night.

There will be musical numbers by well known local talent and an address of welcome on behalf of the congregation by C. M. Horgan and a number of vocal solos also will be given. At the conclusion of the affair refreshments will be served. The reception will be entirely informal.

Next Monday evening at 8 p. m. at the Lyceum the Knights of Columbus will tender a reception to Father Smet who is chaplain of the local council. This affair will be strictly a K. of C. affair at which all members are invited together with their wives, relatives and friends. A splendid program has been arranged which will include music by the K. of C. orchestra and vocal numbers by the members of the ministrels as well as refreshments A feature of the evening will be the formal notifcation of his election to the fourth degree of the order. The presentation of his sword and baldric will be made by the members of the fourth degree assembly headed by the master of the degree, Dr. E. A. Gorman.

At the recent exemplification of the fourth degree held in Alexandria he was elected a member by popular vote of candidates and members of the assembly. But owing to his travels it was impossible to notify him sooner.

The Knights of Columbus are bending every effort to make this a big success. It is not a fourth degree affair, only so fas as the notification of his election and the presentation of his sword is concerned. The balance of the program is in the hands of the third degree.

There will be a guard of honor to escort him to the hall that evening This guard will be in full dress, and they will represent the formal touch of the evening. It is understood that the reception other than this will be strictly informal.

### CARD OF THANKS

We wish in this way to extend our heartfelt thanks to friends and relatives for the many acts of kindness and sympathy shown us during the illness and death of my mother those who sent floral tributes and those who so kindly lent their cars for the funeral.

## TENNESSEE SOLONS MAY RECONSIDER

**Speaker Walker Raises Complications by Change of Ballot From Nay to Aye**

**BALLOT TO WOMEN**

**Thirty-Sixth State to Ratify Susan B. Anthony Federal Suffrage Amendment—Vote in House 49 to 47.**

Nashville, Tenn., Aug. 19.—Tennessee yesterday became the thirty-sixth State to ratify the Susan B. Anthony Federal suffrage amendment. The constitutional change thus will become effective in time for the 17,000,000 women of the country to vote in the Presidential election in November, unless the lower House of the Tennessee Assembly rescinds its action of today in adopting the ratification resolution, 49 to 47.

Speaker Walker, leader of the anti-suffragists, put opponents in a position to demand reconsideration by changing his vote from nay to aye and moving to reconsider. The House adjourned until 10 o'clock today, when the Speaker's motion will have the right of way. Suffrage and anti-suffrage forces tightened their lines this afternoon for the final fight and both sides were claiming victory.

The suffragists, however, had the advantage of today's victory and express confidence Speaker Walker's motion would be voted down today. The next step in ratification then would be the certifying of the action of the Tennessee Assembly to the Secretary of State of the United States, who upon its receipt would issue a proclamation declaring the amendment ratified.

The Tennessee Senate ratified the amendment last Friday by a vote of 25 to 4.

Suffrage leaders declare they will not slacken their efforts, as they desire to have at least one other State ratify before the November elections, as they expect a fight to be made against Tennessee's action because of the clause in the State Constitution which prohibits any Assembly from acting on an amendment not submitted before the members were elected. Both United States Solicitor General Frierson and the Attorney General of Tennessee have declared this clause to be unconstitutional, in the light of the recent decision of the Supreme Court in the Ohio referendum case.

The suffragists won the preliminary victory in the House today when a motion to table the ratification resolution was lost on a tie vote, 48 to 48. This would have put over action until 1921. Some of those keeping tally of the votes recorded the vote on motion as 49 to 47 in favor, and the first reports were that suffrage had lost. The official tally showed a tie

## THE WEED NUISANCE

Many vacant lots in every section of the city are now filled with an undesirable growth of weeds. These weeds are calculated to spread disease. That some action should be taken to compel the lot owners to speedily have the lots cleaned and the nuisance abated goes without saying.

Apart from the fact that weeds cause disease, especially when they begin to decay, the general unsightliness of these lots should be sufficient reason for action.

The civic pride of the city is at stake and the lot owners if not willing to immediately clean up these lots and keep them cleaned should be compeled to do so by the authorities or else hailed in the police court.

Some of the approaches to the city need immediate attention, they being an eysore to strangers entering Alexandria.

It is to be hoped that no further delay will be permitted regarding the unsightly weeds and that before the passage of many mor days all lots in the city that are covered with weeds will be cleaned up. Let's all pull together and see that the weed nuisance is abated.

## VOTES FOR WOMEN

The women have won the vote. But possibly it is too early for them to celebrate too jubilantly, for there is a small "perhaps" to it. Tennessee came through, but she may still exercise the feminine prerogative of changing her mind. There may be other complications to block complete victory, but from the day's vantage point it is fairly safe to say that the election in November will be enlivened by the votes of something like 27,000,000 women in addition to the customary outpouring of male partisans.

The Tennessee Senate having ratified the Nineteneth amendment on Friday last by the overwhelming score of 25 to 4, final passage was put up to the House. There has been some delay in getting down to brass tacks and the success of the anti-suffragists in securing adournment over Tuesday night emboldened them to predict that those opposed to ratification would carry the House when it came to a show down. But the final vote yesterday was 49 to 47 for suffrage. Thereupon Speaker Walker, who has been almost bitterly resentful of the pleas of President Wilson and Governor Cox for his support of the measure, changed his vote from "No" to "Aye," that he might be in a position to move for reconsideration. Thus the final—or what might more properly be called the postscript—vote became 50 to 46. By this action the Speaker is privileged to call up within two days the resolution for reconsideration which he immediately proposed.

There isn't much likelihood that te result in Tennessee will be materially changed by this move, but there is still some prospect that the anti-Suffragists may make trouble upon the basis that the present Legislature, elected before the Nineteenth amendment was passed by Congress, has no legal right to ratify. This question was decided favorably to the suffrage cause by the Department of Justice of the Federal Government some months ago. The opponents of suffrage may also appeal to the Supreme Court, but it is generally felt that they would meet with as little success in that direction as fell to those who took technical objection to the methods of passing the prohibition amendment.

With victory thus within their grasp "The Gazette" extends ts congratulations to the newly enfranchised women.

## A NEW SUPPLY OF WOOD PULP

Alaska may solve the shortage of news print which menaces the whole business of newspapering. In the immediate emergency confronting the industry the great northern territory can furnish no help, because of her state of undevelopment; nevertheless a few years can work an amazing transformation.

Consider these facts: at Resurrection bay, the terminus of the new Alaska Government railroad, there is 25,000 undeveloped horsepower within a radius of thirty miles, and unlimited areas of spruce and hemlock, with easy transportation. The Department of the Interior calls the bay "a natural site for pulp mills that few places can equal," and the statement would seem to be within the fact.

"Spruce and hemlock are the prevailing timber," says the statement from the Interior Department, "spruce being about 90 per cent and the hemlock about 10 per cent of the wood which is entirely suitable for news print pulp. From these sources there is an unlimited supply of raw material made available for all time to come. Besides these two woods, on the deltas of the streams there are numerous bodies of cottonwood along the railroad. This cottonwood would be excellent for the manufacture of high grade paper."

The Forestry Service announces that plans have been perfected whereby pulp timber may be purchased in any quantity desired, under contracts extending for a period of 30 years, and "any water power used in the manufacture of national forest timber and within the national forest reserve may be secured for use without cost to the manufacturer."

When shipping and transportation become as relatively cheap as power and raw material, it would seem that the worries of the American publishing world about the wool pulp supply would be at an end.—Baltimore Sun.

## FEWER BABIES IN U. S.' GO-CARTS GO BEGGGING

Washington, Aug. 19.—Demand for baby carriages has fallen off 50 per cent in the last six months. This information comes from the United States Chamber of Commerce.

The reasons given by the manufacturers are that the birth rate decreased 35 per cent last year; housing conditions are poor and domestic help is hard to obtain.

The Bureau of Vital Statistics, while admitting a decrease in the birth rate, says this decrease will not reach 35 per cent.

## ST. SWITHIN MAKES GOOD

Hazleton, Pa., Aug. 19.—Figures show that St. Swithin has made good so far this year. Rain occurred on July 15, St. Swithin's Day and tradition says that this indicated a 40 day period of showers. Thirty-five days of the forty have elapsed and there have been rainfalls on 19 of them.

## IN MEMORIAM

I will not forget you dear mother,
You were all in the world to me,
As long as my memory last,
I will remember thee.
You are not forgotten mother dear,
Nor never will you be,
I dream of you dear face I loved,
Your eyes I am longing to see.

## COUNTY HAS 67 PEOPLE

Washington, D. C., Aug. 19.—Census of the least populous county in the country, Cochrane, Tex., was announced today by the Census Bureau. It has just 67 people. That is two more than enumerated 10 years ago, making its growth slightly more than 3 per cent. Cook county, Ill., including the City of Chicago, probably is the most populous county in the country. Its population has not yet been announced, but is expected to exceed 2,500,000.

Cochrane is not the smallest county in the United States as it has an area of 869 square miles. Its density of population, therefore, is one person to approximately every 13 square miles. The county is located in northwestern Texas adjoining the New Mexico border. It is unorganized and hasn't even a postoffice.

## SOLDIERS' FUNERAL FOR HEROIC POLISH PRIEST

Warsaw, Aug. 19.—Father Ignance Korupka, who was killed in battle while leading the attacking Polish forces with a crucifix in his hand, was buried Tuesday with the fullest military honors, General Haller paying a tribute to the dead priest's bravery.

Father Korupka was shot and then bayonetted by Soviet soldiers, according to the Warsaw newspapers, while leading his soldiers upon the attack upon Radzymin, the priest having assumed leadership when all the officers of his detachment were killed.

## BOLSHEVIKI FORCED BACK 15 MILES FROM VISTULA

A Konigsburg dispatch reported success for a Polish counter attack along the line Plonsk Novo Georgievsk, proceeding from Ciechanow. A Bolshevik attempt to cross the Vistula north of Ivangorod was reported frustrated and the Poles were said to have resumed counter operations southast of Warsaw.

### FIRST AID

The other day, during a heavy thunder and rain storm, an automobile containing a family of four persons and their chauffeur was comfortably bowling along a State road miles from many town. The family group consisted of an old lady of 77 and three younger women of between 30 and 50. The chauffeur was driving very carefully for he was going down hill and the rain made the roads slippery. The road was also crowded with vehicles, for it was Saturday afternoon. Many of the drivers were going very fast, anxious to get aawy from the storm.

Suddenly one of the drivers decided to shoot out of the ascending line on the hill and pass the car in front of him. He shot out, and his car skidded straight across the road and crashed into the automobile of the family party. The impact wrecked both cars and filled the air with flying glass and splinters; but by what seemed a miracle no one in either cars was seriously hurt though all were badly shaken up and there were numerous sprains and bruises.

To add to the situation the storm increased its intensity. The rain came down in a deluge to an accompaniment of terrific thunder and lightning. Within what was left of the wrecked cars the occupants were anxiously examining and reassuring one another. The old lady of 77, who had gone through the episode like a heroine, ad now lost her nerve and was quietly crying behind her handkerchief.

The utterly incredible feature of the situation is this:

Though, as I have said, the road was filled with vehicles, though dozens of them stopped for a moment, to look curiously at the wrecked cars, and to ask how the accident had happened, for fully 20 minutes not one passerby offered assistance to the four women, or suggested taking them to shelter in his own car.

If anyone had told me this story I should have had difficulty in accepting it. I have always firmly believed and as firmly maintained that we Americans are the most sympathetic and the quickest emergency workers in the world. But I can vouch for the truth of this incident. I was one of the four women.

We were deeply concerned about the old lady. We knew she might be seriously hurt without admitting it, or possibly even without fully realizing it. We were frantic to get her to some shelter. Car after car slowed down, the occupants stared, the car rushed on. We did not ask for help. It was so obviously not in the programme of those who stared. No doubt the storm was their excuse. The men at the wheels were thinking of their own passengrs and rushing them to shelter. But the storm was making things very hard for us, and the nearest town lay several miles away.

At last, 20 minutes after the accident, the Good Samaritan came. He was a big young man in a big touring car, and from the moment of his arrival our troubles were over. He was all understanding, sympathy and kindness. He drove us to the house of our nearest friends.

When we parted I said: "If you are ever in an accident I hope you will meet someone just like yourself." But he won't. There are too few of him.

The episode has destroyed my most cherished illusion. I would have sworn that any one of the passersby would have done what that young man did. Why didn't they?

The fact is universally admitted, because based on the number of accidents, that there is more reckless automobile driving in America at present than ever before. With our growing recklessness ,we are losing our humanity?

It would seem so.

### TOM WATSON JAILED AFTER DISTURBANCE AT HOTEL IN GEORGIA

Atlanta, Ga., Aug. 19.—Thomas E. Watson, candidate for the Democratic nomination for United States Senator, was placed in jail tonight on a charge of "public indency," after a disturbance in a Buford, Ga., hotel, according to a statement made over the telephone by the Buford chief of police. E. H. Miller, who was accompanying Mr. Watson on his speaking tour, also was placed in jail, the chief said.

vote, however, and to make assurance double sure, a second roll-call was ordered. The vote again was recorded as 48 to 48, and the motion to table was declared lost.

Ratification by the Tennessee Legislature was the culmination of an intensive drive made by suffrage propoments to have the amendment made effective in time for the women of the country to vote in the Presidential election in November. The drive was started when West Virginia became the thirty-fourth State to ratify early this year.

### LARCENY CHARGED AGAINST PONZI AID

Boston, Aug. 19.—The second important arrest in the Ponzi mystery was made today when Henry T. H. Neilson, of Cambridge, one of Ponzi's chief agents, surrendered to the police A warrant charging him with the larceny of $500 was immediately served.

Neilson's arrest is considered next in importance to that of Ponzi himself. It is reported that Neilson made huge profits by "investing" with Ponzi and by acting as Ponzi's agent, for which, it is said, he received substantial commissions.

### DECLARES WILSON "PUT ONE OVER ON" ENGLISH PREMIER

Butte, Mont., Aug. 19.—President Wilson "put one over" on Premier Lloyd George, of Great Britain, in the distribution of voting strength in the league of nations, Franklin D. Roosevelt, Democratic vice presidential nominee, declared in an address here today.

"The Republicans are playing a shell game on the American people," the nominee declared, because "they are still busy circulating the story that England has six votes to America's one."

"It is just the other way," he went on, "as a matter of fact, the United States has about twelve votes in the Assembly. Until last week, I had two of them myself, and now Secretary Daniels has them. You know I have had something to do with the running of a couple of little republics. Facts are that I wrote Haiti's Constitution, and if I do say it, I think it is pretty good."

Mr. Roosevelt said that Haiti and San Domingo, Panama, Cuba and Central American countries, who had at least twelve votes in the leagues assembly, all regarded Uncle Sam as a guardian and big brother, and that this country virtually would have their votes in the league.

### DRUNKS INCREASE, STUFF PUTS THEM OUT QUICKLY

New York, Aug. 19.—The number of cases for alcoholic treatment in the Bellevue Hospital has increased within the past few weeks until it is virtually equal to that of pre-prohibition days, according to a report of Bird S. Coler, Commissioner of Public Charities, made public today.

The difference between now and former times, however, he said, is in the symptoms of the ailment and the manner of treatment.

"Most of the patients," he said, "go down in a hurry, without warning, and recover quickly, if at all. In nearly every case it is discovered that the person has had only one or two drinks after which his mind becomes blank. He knows nothing until he awakens in the institution the next morning.

### HEBREW ASSEMBLY IN SEPT.

**Delegates Already Elected For First National Body in Palestine**

Jerusalem, Aug. 19.—The first Hebrew national assembly will meet during the early part of September, according to an announcement issued here. Delegates already have been elected throughout Palestine.

"Vaad Hazmani," the temporary body of organized Palestine Jewry, has submitted a memorandum to Sir Herbert Samuel, the British High Commissioner in Palestine, requesting that the Jewish legion be enlarged into a permanent Jewish defense force instead of being disbanded, as is contemplated by the Government. A number of American volunteers are members of the legion.

### NEARLY $30,000 IN FINES FOR PROFITEERING COLLECTED

Washington, Aug. 19.—Nearly $30,000 in fines for profiteering in clothing has accrued to the Government, in cases just decided in New York State. Reports today at the Department of Justice said these included the Pulitzer Company, $1,750; the Harris Cloak Company of Albany, $5,000; Kargo & Noxon, of Johnstown, $3,500; M. J. Loo Company, of Utica, $16,500, and Isaac Kink Company, of Watertown, $1,750.

Similar judgments against clothing dealers in various parts of the country are expected during the next month, officials said, on indictments now being brought to trial.

### "CIVILIZATION SAFE"—COX

Columbus, Aug. 19.—The following statement, commenting on Tennessee's ratification of the woman suffrage amendment, was issued today by Governor Cox, Democratic presidential nominee:

"The civilization of the world is saved. The mothers of America will stay the hand of war and repudiate those who trifle with a great principle. The action of the Tennessee Legislature has another significance. It is an earnest of the Democratic policy to pay its platform obligations."

Mrs. Abbey Scott Baker, political chairman of the National Women's party, who has been working with Governor Cox and also at Marion with Senator Harding, the Republican presidential nominee, in behalf of ratification, made the following statement:

"Individual men have helped us splendidly, and we thank them heartily, but American women can take to their hearts the happy assurance that women won the enfranchisement of American women."

### FINDS TORSO OF WOMAN AFLOAT ON HUDSON RIVER

New York, Aug. 19.—The torso of an unidentified woman, with head, arms and legs chopped off, was found Tuesday night by longshoremen in the Hudson River, it became known today, when police and county authorities grappled with a mystery resembling at first glance the famous Guldensuppe case of twenty-three years ago.

Clinging to the skin were shreads of cloth, wisps of twine and minute pieces of wrapping paper. Those indicated, according to the police, that before being cast into the river the torso had been wrapped in heavy underwear or a blanket and this in turn covered with heavy wrapping paper and bound with strong twine.

### BLACKMAILS DOCTOR TO AID SICK MOTHER

New York, Aug. 19.—Prefacing his confession by saying that $16 weekly he earned as a salesman was insufficient to support him and his sick mother, Louis Linder, a recent college graduate, today admitted having blackmailed his family physician into depositing $500 under a bush in the Bronx, under pain of death if he refused.

In court today, Linder, who is 20 years old, said he had selected Dr. I. M. Rottenberg as his victim because he knew him from an earlier time when he befriended his mother.

Dr. Rottenberg told the court that after notifying the police, he followed instructions contained in the threatening letter. Going to an indicated cluster of bushes he found a letter directing him to a second rendezvous.

Following the trail indicated by the anonymous notes the doctor searched in three clumps of bushes, found three letter followed instructions and finally deposited his roll of marked bills in the place appointed. After he had left the place, Linder appeared, took the money and was arrested.

## VIRGINIA NEWS

Charlottesville—The Lexington Presbytery, at a meeting yesterday, granted the request of Massanutten to divide the charge there into two churches—Massanutton Church of Cross Roads and Massanutton Church of Cross Keys.

Roanoke—Three of the nine bodies buried beneath the thousands of tons of limestone rock blown down by a premature explosion at the W. W. Borley and Company's quarry, near Pounding Mill, Va., Friday morning, had not been recovered Monday afternoon. A rescue party of more than 20 men have been working every minute since noon Friday.

Danville—The Danville Tobacca Board of Trade at a special meeting yesterday evening adopted a resolution eliminating the sale of "scrap" or fragmentary tobacco from the local market during the coming season.

Winchester—Samuel Brubeck, 67 years old, dragged by runaway horses while working on a new road near Mount Oliver, Shenandoah Co., died Tuesday in Memorial Hospital, here. His third wife, formerly Miss Rebecca Painter, survives.

Stafford—A bad spot in the road in Stafford county that was steadily getting worse and which had nearly caused several accidents, was repaired Wednesday by a number of ladies living in the locality. The ladies, after the place had been neglected by the county authorities for some time, banded together and with the necessary implements and tools, went to the break and repaired it in a jiffy. This is seemingly an example of the benefits the country will derive now that women can be elected to executive bodies in the countis and cities.

Fredericksburg—Messrs. C. O'Connor Goolrick and J. W. Allison have sold their farm of 113 acres, near Massaponax, on the River Road, to D. M. Poates, of Spotsylvania, Va.

King George—Severe electrical storm which passed over lower King George and Westmoreland counties Saturday evening did much damage to trees and other property. Lightning struck and destroyed a barn with all its contents on the farm of Mr. Creighstart. A bridge near Maple Grove was washed away, and a man, his wife and child, who were in an automobile, were washed down stream with the bridge. Another bridge, near Potomac Beach, was also washed away.

Bristol—The campaign for $250,000 in Sullivan county, Tenn., and Washington county, Va., in connection with the $750,000 campaign for Presbyterian educational institutions in the Appalachian Synod, has been launched here. During the first day of the campaign here $30,805 was subscribed toward this city's quota of $15,000.

Petersburg—Richard T. Wilson, assistant United States attorney for the Eastern district of Virginia since April, 1918, today tendered his resignation to United States Attorney General A. Mitchell Palmer. Pressing personal business was assigned as the reason for the action. The resignaiton becomes effective September 1.

## HOG ISLAND YARD

**Big Shipyard and 1200 Ships to be Sold**

Hog Island is to be sold by the government at once.

Plans for its retention as an army base, for its use as a great terminal, or its acquirement by the city, have gone glimmering or have been thrown into confusion by the official announcement from Washington last night that the Shipping Board has decided to ask for immediate bids for the entire shipyard.

It was also announced that the government fleet of 1200 steel vessels would be offered for sale as quickly as the advertising arrangements can be made.

For more than six months leading business men of the city have been giving careful consideration to plans by which the shipyard with its 9 miles of railroad tracking, its two miles of water front, its fifty ways and its immense storage houses and shops might be assured a future that would benefit the city.

## ERIC GEDDES BETS $50 ON BISHOP'S ENTRY IN IRELAND

Dublin, Aug. 19.—I am informed on good authority that Sir Eric Geddes of the British Cabinet has bet Sir Hamar Greenwood, Irish chief secretary, 10 pounds, normally $50, that Archbishop Mannix, of Australia, will get into Ireland.

Believing him, the young woman married and is now the legal wife of a Wilmington business man, providing Spence has not deceived her in the matter of the divorce.

# COUNCIL MEATS

**Better Meats That Cost Less**

**No Waste · Always Tender**

**Ready-Cooked To Perfection**

## Pound for Pound Canned Meats are Cheaper

EVERY time you buy uncooked meat you pay for bone, fat and skin that you can't eat. This waste runs from one-sixth to one-half of the cost of the meat.

When a can of Council Meat reads "12 ounces," it means 12 ounces of prime solid meat, no bone, no fat, no waste—and the 12 ounces is the weight *after* it is cooked.

Every piece of meat packed in a Council Meat can is selected, fine, fresh meat. Council Meats are cooked and packed in big sanitary kitchens right out in the open farm country.

Don't spend a lot of unnecessary time in a hot kitchen over a hot stove. Buy your meat ready cooked and save yourself as well as your money.

There is a large assortment of Council Meats—they will provide breakfasts, dinners, luncheons, in wide variety—at a very little cost.

## MOVIES

### INGOMAR THEATRE

"A Man of Honor," a Screen Classics, Inc., production, with Harold Lockwood in the leading role, will be the feature at the Ingomar Theatre today.

The picture, based on Henry Kitchell Webster's novel, is one of vivid romance and gripping adventure which will stir the imagination as well as the heart.

### RICHMOND THEATRE

It is not often that a motion picture has in its cast two recognized stars. In "Hawthorne of the U. S. A." the film attraction at the Richmond Theatre today, the role of the hero is played by Wallace Reid, while Lila Lee appears in the chief feminine part. As if this pair of favorites were not enough, the rest of the company has been selected exclusively from prominenet screen players. Theodore Roberts plays the role of a United States Senator and Harrison Ford, who has been leading man for Marguerite Clark and other feminine stars, is Wallace Reid's partner in adventure. Tully Marshall, Edwin Stevens, Charles Ogle and Guy Oliver also appear.

### GREAT PICTURE COMING

Edgar Franklin's greatest of great mirthquakes, "Don't Ever Marry," the story that recently appeared in a widely read popular priced magazines, will be the attraction at the Richmond Theatre, beginning tomorrow afternoon and continuing over Saturday afternoon and evening.

A newly-made husband, who is claimed by three wives, is the leading spirit of the picture and there are as many corking exploitations of hunches on this picture as there are reasons for bachelordom. You'll get real action from the start to the finish of this laugh-maker and Matt Moore shows to great advant age in the part of the poor young man, who is shunted from one wife to anotaer, while he is really married to a very charming young lady with whom he is very much in love.

### FENCE ELECTROCUTES SEVEN-YEAR-OLD BOY

Waynesboro, Pa., Aug. 19.—Vernon Weaver, 7-year-old son of Bruce Weaver, near Smithsburg, was instantly killed Monday evening when he came into contact with a wire fence that had become charged when the high tension wire which carries the current from Security to Waynesboro was broken down and fell across the fence, along the State road.

A limb from an old willow tree which stands at the Old Creamery crossroads, on the State road, was shattered during the heavy electrical storm that passed over that section Monday evening and fell across the high tension wire, breaking it down and causing it to come in contact with the fence. It is not known whether the boy attempted to climb the fence or merely touched it in passing.

**Firestone**

Buy a set of Firestone 3½-inch tires and discover the big feature behind their uniform service—perfect *balance*.

Firestone has devoted eighteen years to developing the *balanced* tire, giving light car owners more mileage at low cost—most miles per dollar.

The answer to getting more service and more *uniform* service out of all four tires is the Firestone 3½. It is more than thickness of tread or amount of rubber and fabric, greater cushioning or greater air capacity. It is proper *balance*—the way each of these component parts of a Firestone 3½ tire is made to co-ordinate.

Sales of this tire increased 96% for the first six months of this year. The result justifies the effort because the stamp of approval has been set by the public on the Firestone 3½—*the balanced tire.*
